PREPARATION

- **Watch our Video and visit us on www.browlamination.de and www.hairpearl.com**
- Take a “Before” photograph of client and if desired bring clients` brows into shape by using a few drops of *hairpearl Eyebrow Gel* to preview the desired result. **Cleanse brows with *hairpearl Lash and Brow Shampoo Foam*** and comb through the brows using a disposable mascara wand in an upward stroke.
- **Important:** Lightly massage sachets before opening!

QUICK GUIDE

Brow Lifting & Lamination

by *hairpearl* & Biosmetics EYE CARE

STEP 1 – CREAM NO. 1:

- **Apply a thin coat of *Biosmetics Lash n Brow Bonder*.** Carefully straighten the hair, setting the hair in the right direction **and shape with a clean *Biosmetics Mascara Wand*.** Ensure sparse areas are covered, curly hairs are straightened and brow hair is in the right direction to add shape and definition to the brows.
- Important: **Lightly massage sachets to mix and activate Ingredients** and **apply a thin coat of *Biosmetics Cream No 1 – Waving Lotion* to the brow hair by using the *Biosmetics Microbrushes*.** Cover all brows and use a *Biosmetics* disposable Mascara Wand to brush the brows in the appropriate direction ensuring each hair gets covered.

Processing time:

Very fine brows:	3-4 minutes
Fine or tinted brows:	4-5 minutes
Natural healthy brows:	5-6 minutes
Course healthy brows:	6-7 minutes

Leave on for appropriate time, depending on the thickness and density of the hair.

- **Remove Lotion No 1 with one or two *Biosmetics Lash Wiper*.** Comb the brows dry with this lotion wiping brushes in the same direction of hair growth. After that, discard wet wiping brushes.

STEP 2 – CREAM NO. 2:

- If needed replace brow hairs with a few drops of Bonder and **apply a small amount of *Biosmetics Cream No 2 – Neutralizer* Lotion** by using a new *Biosmetics Microbrushes*. Comb brows with a new *Biosmetics Mascara Wand* in appropriate direction to **ensure each hair gets covered.**
- **Remove lotion No 2 with a new *Biosmetics Lash Wiper*.** Again, comb clients' brows ensuring Lotion No 2 has been removed completely. Place used Wiper in bin.

Processing time:

Very fine and tinted brows:	5 minutes
Natural healthy and course healthy brows:	6 minutes

STEP 3 – TINT AND CREAM NO. 3:

- **Prepare *hairpearl* tint and apply** by using the *Biosmetics* tint brush with slanted tip.
- **Remove the tint after 1-3 minutes (only!)** using a clean Lash Wiper and **cleanse clients' brows with *hairpearl Lash and Brow Shampoo Foam*** ensuring all tint, cream and bond residuals has been removed.
- **Apply Cream No 3 – Conditioning Lotion Serum** over the brows using a new *Biosmetics Microbrush* and apply a few drops of *hairpearl* Relaxing Eye Cream on the clients eye area to finalize and to upgrade your service.
- Take an "After" photograph.
- **Explain important aftercare (next page) to client and give him/her a printed copy to take away along with the *Biosmetics Lash n Brow Moist Pen*.**

IMPORTANT AFTERCARE

The aftercare advice is given to ensure fully understand what should and should not be done 24-48 hours post treatment for longevity of the *hairpearl* Brow Lamination results.

- Keep brows dry for 24-48 hours!
- **Use the Biosmetics Lash n Brow Moist Pen twice a day and comb the brows.**
- Do not apply any make-up or receive any other eye treatment for least 24-48 hours after your treatment.
- Avoid rubbing the brows.
- Avoid swimming/sauna/sweating for 24-48 hours.
- If any stinging or swelling occurs, keep applying a cold dampened cotton pad or cold compress. If it persists seek medical advice!

If the aftercare guidelines are followed with utmost care the *hairpearl* & *Biosmetics* Brow Lamination results can last 4-6 weeks.
